Standard of Conduct

Agape Academy is committed to striving for academic and spiritual excellence. Students are expected to display attitudes and behavior consistent with achieving these goals. Scripture is the best guideline for appropriate behavior and attitudes. If a student's behavior or attitude is injurious to these goals or detracts from their achievement, Agape Academy at the discretion of the Administration may dismiss the student either temporarily or permanently.

A sense of the need for spiritual growth in the light of these principles has led Agape Academy to adopt standards believed to be conducive to the environment that will best promote the spiritual welfare of the student. The school, therefore, expects the student to abide by the discipline policies of the Agape Academy Policy Manual. In this atmosphere of definite and positive Christian standards of conduct, good scholastic planning, and intimate personal interest between faculty and students, there is opportunity for development of strong Christian character and academic excellence.

I have read and understand the Policy Manual and will support the Academy in the application of these policies.
